

# NATIONAL PUBLIC SECTOR FRAMEWORK

For Multifunctional Devices and Associated Print Services and Supplies

REF: CPC/DU/MFD/02A

**KONICA MINOLTA**

## PRINT AND DOCUMENT SOLUTIONS THAT KEEP THINGS SIMPLE

**At Konica Minolta, we specialise in the provision of digital print devices and solutions, we work in partnership with public sector authorities across the UK in streamlining their business processes, reducing cost and increasing efficiencies.**

## REDUCE COSTS AND INCREASE EFFICIENCIES

We are a core provider of multifunctional, reprographic devices and associated print services and supplies, as well as managed print and document services on Lot 1, 2, 3, 4 and 7 of the framework agreement:

We have a strong reputation for not only for providing award-winning hardware, but also for implementing solutions that enhance productivity and significantly reduce costs.

We deliver solutions that provide transformational business benefits, which turn your information into valuable assets. We know what systems work best, how to implement them and how to manage them to meet your specific needs:

- Secure and protect critical information
- Enable the seamless capture, storage and management of data
- Empower employees to work more efficiently and effectively
- Increase overall productivity and efficiency
- Reduce printing costs by 30%

As an accredited supplier on the Central Purchasing Consortium framework, all Konica Minolta customers can be assured of guaranteed pricing, full compliance with legislation and excellent customer service.

## KONICA MINOLTA

### IMPROVING DOCUMENT SERVICES AND SOLUTIONS WITHIN THE PUBLIC SECTOR

We ensure that your investment drives real improvements, enhances document management, increases employee productivity and resource efficiency, as well as delivering transparency over costs and a tangible ROI.

### TRANSFORM INFORMATION FLOW AND STREAMLINE YOUR PROCESSES

Information and content flows throughout your organisation every day, Konica Minolta helps you to understand how and where this information and processes currently exist, we ensure that documents are captured, managed and stored so they can be accessed quickly and simply capture whenever and wherever they are needed.

#### WASTED PAPER AND PRINT?

- ✓ Reduce your print volumes and paper usage by up to 15%
- ✓ Control when documents are actually printed
- ✓ Eliminate the paper that sits in the bin at the end of the day

#### SECURITY

- ✓ Ensure confidential documents remain confidential
- ✓ Ensure sensitive documents do not start printing until the user is there to collect
- ✓ Stop unapproved usage of your print devices  
Validate the user by pin codes, swipe cards or biometrics

#### PEOPLE

- ✓ Improved employee and customer experience
- ✓ Be a technology leader
- ✓ Print from mobile or bring your own device

Konica Minolta's Print Management Consultants will recommend the most suitable software solution from our range of industry-leading applications. All solutions are installed and supported by Konica Minolta personnel for seamless one-stop integration.

#### DEVICE MANAGEMENT

- ✓ Print to the most effective device
- ✓ Redirect printing to the print-room meaning you no longer hold up the office devices with large jobs

#### TRACK AND CONTROL USAGE AND BEHAVIOUR

- ✓ Track all printing, copying, scanning & faxing across your organisation
- ✓ Report by user, department, year group, print device
- ✓ Implement rules to route large print jobs to the most effective device

#### WASTE AND ENVIRONMENTAL SAVINGS

- ✓ Eliminate wasted paper sitting on your print devices at the end of the day
- ✓ Jobs printed but never released can be deleted from the server after a set period of time

We aim to reduce its environmental impact in all its business processes, from product development to procurement, production, distribution, sales and service, collection, and recycling.
