

NATIONAL PUBLIC SECTOR FRAMEWORK

For Multifunctional Devices and Associated Print Services and Supplies

REF: CPC/DU/MFD/02A

RICOH

Public sector organisations today need to provide service and structure for both their citizens and businesses. They need to protect their citizens' information, facilitate opportunity and streamline their own processes so that they can do more with less.

We are delighted to announce that Ricoh has been approved as an official CPC Supplier, for the provision of multi-functional and reprographic devices and associated print services, recycled / refurbished technologies and managed print services. This means you have access to a dedicated team of specialists and a comprehensive range of technology and services for key document-related processes. As well as continuing to enjoy the following benefits as a member:

- **A3 charged at the same price as A4**
- **No minimum billing**
- **Comprehensive service support**
- **Low cost re-sites**
- **Contract flexibility**

With Ricoh's track record in technological innovation, we can assist public sector organisations in navigating the changing public sector landscape. We offer a broad range of services and an approach that allows us to tailor solutions for complex, evolving needs.

Each one of our products and services is designed to meet the specific needs of clients like you. Our services include:-

Managed Document Services:

Ricoh delivers an enterprise-wide Managed Document Services solution for our customer by bringing together everything we do as an organisation- from supplying leading technology and software solutions, to IT Services, Managed Services and Outsourcing Services support. The result is a document management solution that enhances our customer's business efficiency on a continuous basis, adding value to the partnership.

In streamlining document heavy processes, or managing them on behalf of our customers, we adopt an end to end approach. We become a partner to our customers for the entire journey, from initial consultation, to analysis, through to recommendations, training and implementation. And we continue to work with them post-implementation, to ensure continuous improvement and success.

Ricoh transforms the way businesses organise and capitalise on knowledge and information. We apply this approach through our core capabilities in:

Award winning technology and software solutions

Ricoh's Multifunctional Devices (MFD) and Office Solutions are designed to help organisations manage their document and information workflows, making them more efficient, productive, secure, suitable and ultimately, profitable. Our award winning state of the art hardware and software will help you streamline your document management processes to save time and money. We know how valuable information is all CPC members, which is why security considerations are introduced at the earliest stages of design of all our products.

Recycled Equipment

Recycling equipment gives another life to multifunctional products (MFPs). Ricoh's GreenLine products offer cost savings and a reduced impact on the environment. However, to ensure consistent high quality, Ricoh has strict standards for its certified pre-owned devices across Europe, and only when these high standards are met the product is released to the customer.

Production print

Ricoh's range of high-speed, high-capacity printers offers robust solutions for commercial printers and in-house departments alike. Whether you're after a continuous feed printer for high volume invoice runs or a large format device for brochures or exhibition graphics, our energy efficient range provides superior image quality and clever features for specialised tasks.

IT Services

Ricoh IT Services exists to make sure that our Customers' IT infrastructure is optimised with Best of Breed Technology-based solutions and supported in line with Customer business objectives. Our Scale, experience and access to market leading Hardware and Software Solutions, coupled with industry recognised Best Practice Support Services bring trusted partnership status and long-lasting customer relationships. We can help CPC members realise a reduction in the Total Cost of Ownership whilst improving the quality of Service delivered by IT in their businesses. From procurement to installation, monitoring and support, Ricoh IT Services allow organisations the freedom and flexibility to entrust specific IT functions to us, without sacrificing strategic control.

In a nutshell, we are a total document and IT solutions provider. We offer a range of services tailored to your specific needs, from streamlining costs, to enhancing business processes and increasing staff productivity. Each one of our products and services is designed to meet the specific needs of clients like you.
